How to brush your teeth

- 1) Make sure you have your toothpaste in one hand and your toothbrush in your other.

- 2) Next, open the toothpaste and carefully put a pea sized amount on the toothbrush.

- 3) Put your toothbrush in your mouth and brush your teeth for 2 minutes.

Top tip – Make sure you take your time and clean every single one of your teeth.

- 4) Then, rinse your mouth out with water or mouthwash if you have it.

- 5) Gently wipe your face with a flannel and clean the sink area.
