

FOUR ELMS
PRIMARY SCHOOL

Class 1 :

Ask me about....

What a great week of learning!

In school we have been set an exciting task of creating imaginative , eye-catching book corners. In Class One , I would love to create a fire station themed book corner.

I am looking for wooden crates, a wooden ladder and a fireman/garden hose. If you know anyone who is selling or would be willing to donate these items please let me know. This would be much appreciated thank you, Miss Coleman.

Reminders and Upcoming Events :

As the weather is changing please can you send your child in with a coat and welly boots, as part of the Early years Curriculum the children can choose to learn outside, rain or shine.

This week.....

- We been making lots of construction models using a variety of materials from blocks to Lego to Mobilo. We have created Aquariums , Planets, Pirate ships and so much more.
- We have enjoyed making shops and creating a home in the role play area.
- In maths this week, we are focusing on a number a day (6-8). We are focusing on recognising and finding the value of each number. We also have been practising writing each number.
- We have begun planning our learning experience and have been talking about what makes us special (please see the rationale for more information about our experience).
- This week we have consolidated our knowledge of the following rights :

Article28: Right to learn. To respect this right we know we know that we are all equal so we all have the right to an education.

Article 6: Right to be the best you can be. To respect this right we need to always produce our best work and be proud of what we have achieved. When challenges arise we need to show grit and keep trying with the task.

- This week Fred The Frog helped us with the sounds:
