

- 1) *Any answers that plot to make the correct 2D shape.*
- 2) *A kite.*

- 1) *Disagree because the missing vertex is (6,4).*
- 2) *This is correct. Children may prove this by drawing a square with the coordinates (0,0), (4,0), (4,4) and (0,4).*

- 1) *Multiple answers possible.*
- 2) *Answers may vary. Accept any triangles that children work out the coordinates for and plot correctly.*
