1. Choose a root word:

copy, happy, cry, reply

2. choose one of these suffixes to add to the root word:

-ing

-ed

-er

-est

3. What do you need to do the root word? Do you need to change the 'y' to an 'i'? or are you going to keep the word as it is because you are adding the suffix 'ing?'

Write out your new word.

3. Write your word with the suffix in a sentence. Underline the root word in one colour and the suffix in another colour.
