

1. Choose a root word:

enjoy, sad, care, play, hope, bad

2. choose one of these suffixes to add to the root word:

-ment

-ness

-ful

-less

-ly

3. Do you need to do anything to the root word or can you just add the suffix onto the end?

Write out your new word.

3. Write your word with the suffix in a sentence. Underline the root word in one colour and the suffix in another colour. Do this again using a different word/suffix.
