## Making patterns with 2D shapes

(1) Show the repeating part of each pattern.

The first one has been done for you.
a) $\triangle \mathbb{1} \triangle \Delta \triangle \mathbb{1} \triangle \Delta \mathbb{A} \triangle \Delta$
b) $\mathbb{A} \triangle \triangle \square \mathbb{A} \triangle \Delta \square \mathbb{A} \Delta \Delta$
c) $\triangle \Delta \Delta \mathbb{A} \Delta \Delta \Delta \mathbb{d} \Delta \Delta$
d)
$\square$ (O) $\square$ 弐 (O) $\square$
(0) $\square$ 我

2 Circle the shapes that complete the patterns.
a)

b)
