Year 1 Repeated Addition

Here is my example:

There are 3 bags of apples. Each bag has 10 apples. How many apples are there in total?

10 + 10 + 10 = 30

3 x 10 = 30

There are 5 packets of candles. Each packet has 5 candles. How many candles are there in total?

There are 7 bunches of flowers. Each bunch has 2 flowers. How many flowers are there in total?

There are 10 packets of lollipops. Each packet has 5 lollipops. How many lollipops are there in total?

There are 4 bags of apples. Each bag has 10 apples. How many apples are there in total?

There are 7 packets of candles. Each packet has 5 candles. How many candles are there in total?

There are 9 bunches of bananas. Each bunch has 10 bananas. How many are there in total?

There are 2 bunches of flowers. Each bunch has 10 flowers. How many flowers are there in total?

There are 9 bunches of flowers. Each bunch has 2 flowers. How many flowers are there in total?

There is 1 packet of lollipops. Each packet has 5 lollipops. How many lollipops are there in total?

There are 3 bags of apples. Each bag has 10 apples. How many apples are there in total?
