

Dear parent / guardian

Your school are providing children with the opportunity to learn a musical instrument in partnership with the **Music for Schools Foundation**, a non-profit making charity that provide small group lessons on Recorder, Clarinet, Flute, Trumpet, Cornet and Saxophone.

Today your child was involved in a special assembly and the 'Music Man' Tony taught them all about music and instruments.

Why should my child learn to play an instrument?

Our amazing tutors make lessons fun, and children who learn to play a musical instrument also perform better in Maths, English and Science. There are social, emotional and developmental benefits too, such as improved memory, patience, perseverance and self-confidence.

How much does it cost?

Your child can learn to play for **around £1 per day** and packages include an instrument, music book, music stand, book bag and instrument maintenance cover. If you already have an instrument you can just pay for lessons and there are also reductions for children eligible for Pupil Premium.

WHAT TO DO NEXT
