

## What do I miss ?

Going to my dads is one thing I miss  
I cant explain it so I don't have a list  
Sometimes its good sometimes its bad  
But that doesn't matter because he's my dad

I also miss my football club that's no lie  
We've never won a game but we still try  
We play for fun  
And now that's done

I love Sidemen Sunday but now its gone  
I like it because its fun and full on  
JJ Vik and Toby  
They're powerful and strong like Obi Won Kenobi

Liam Oscar and Ash these are my mates  
We all have fun before the school gates  
We play football at break time  
Hope you like this cool rhyme

As I look out my window  
I long for hugs and high fives  
But seeing the beauty of spring  
Reminds me that nature is still alive

The beautiful spread of the flowers  
Is helped by the April showers  
Staring down like a bird is the bright sky  
Me I look up and wish I could fly

As the sun beams  
So does our mindset  
We've watched the ducklings grow  
Move on we must let

So what do I miss?  
Well I miss you  
But Spring turns to summer  
And that's where I will be waiting  
See you all soon!
