

Use <, > or = to make the statements correct. Q.1-5= green

Use <, > or = to make the statements correct

6) 3.115 3.135

7) 13.143 1.314

8) 1.003 1.3

9) 3.143 3.134

10) $13.33 \div 10$ 1.333

Write these numbers in descending order

11) 0.321 0.231 0.123 0.103

12) 2.33 2.3 2.03 2.0003

12) 3.212km 3.21km 3202m 3.2km

13) 3400ml 1.1l 525ml 0.5l

14) 65.493 65.394 65.309 63.999

Challenge

I have put some numbers in ascending order. What number could go in the gap?

3.015

$3\frac{51}{1000}$

Any number between 3.052 and 3.105

3.105

$3\frac{51}{100}$
