

Class 2

Thursday 14th May

Daily Timetable

<p>9:00-9:30 am</p> 	<p><u>P.E</u></p> <p>Go the challenge 5 part of the webpage and try someone else's workout video!</p> <p>https://www.four-elms.kent.sch.uk/page/?title=Challenge+5%21&pid=319</p>
<p>9:30 – 9:45 am</p> 	<p><u>Mental Arithmetic</u></p> <p>Year 2 – continue practising times tables on TT Rockstars or 'hit the button'</p> <p>Year 1 – play 'hit the button' – number bonds – make 20</p> <p>https://www.topmarks.co.uk/maths-games/hit-the-button</p>
<p>9:45 – 10:15am</p>	<p><u>Experience</u></p> <p>To research plants that will grow something I can eat</p> <ol style="list-style-type: none">1. I can find out the different plants that grow fruit or vegetables2. I can choose which plant I could grow3. I can explain why I chose that idea

The challenge this week is to grow something that you can eat. Now that you know about plants and what plants need to grow, you can now begin deciding what you would like to grow.

Spend some time looking on the internet for ideas. I found this website useful:

<https://www.diyncrafts.com/4732/repurpose/25-foods-can-re-grow-kitchen-scrap>.

It gives ideas for how to re-grow foods from kitchen scraps. I think this will be interesting to do and it doesn't rely on me needing seeds.

Other useful websites include:

<https://www.dayoutwiththekids.co.uk/blog/dig-in-5-easy-fruit-and-vegetables-to-grow-with-your-kids>

<https://www.bbcgoodfood.com/howto/guide/easy-crops-kids-grow>

<https://picklebums.com/veggies-to-grow-with-kids/>

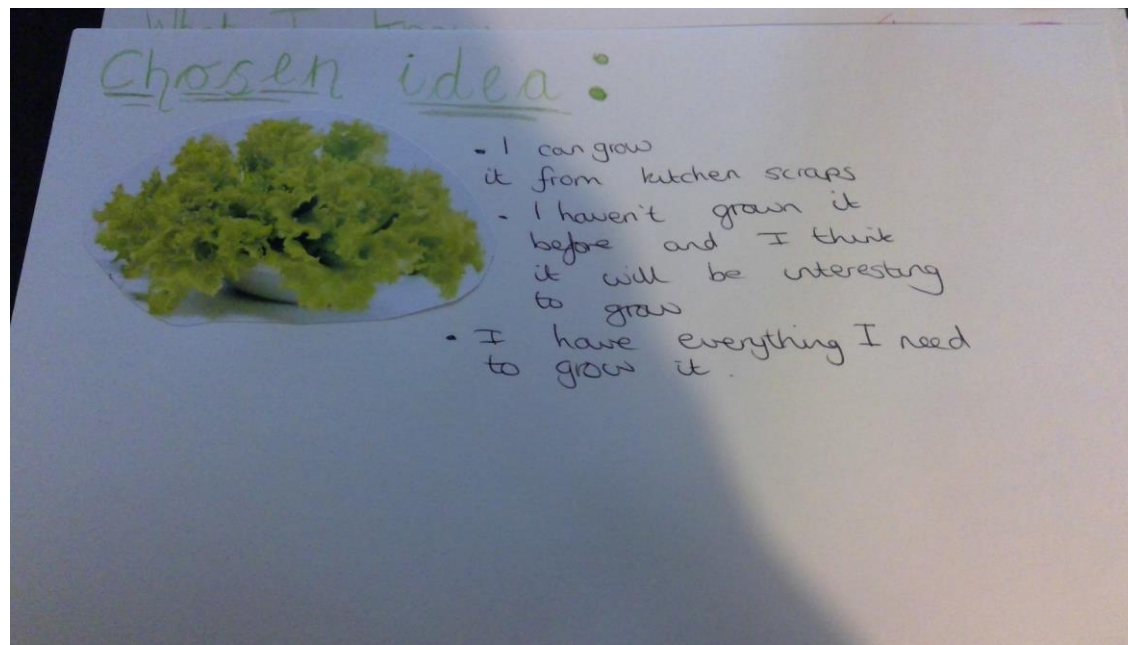

As you are researching options, draw them or print out pictures of your choices. See my example below:

Now think about which idea you like the best. Will you be able to do it/ is it a realistic choice? Have you got what you need or will it be easy to get what you need?

Write down the idea you have chosen and why like I have done below:

10:15 – 10:30

Breaktime - have a healthy snack and play.

10:30– 11:00

Reading – Please note the changes below for RWI phonics.

Oxford Owl have made available for parents all the ebooks linked to each RWI level. This means we no longer need to upload the books to the webpage. Instead, please go to the webpage below. If you go onto 'ebooks' then you will need to register (this is free of charge) and then you will be able to access all the ebooks and choose the correct banded level for your child. Please note that the RWI phonics scheme is based on lots of repetition. Therefore, we usually read the same book about 3 or 4 times before moving onto a new book. For some children they may need to read it more than this to ensure they are completely fluent in reading the book (no sounding out).

<https://home.oxfordowl.co.uk/reading/reading-schemes-oxford-levels/read-write-inc-phonics-guide/>

	<p><i>This website also provides lots of other information for parents about phonics. It has other resources on here too should you wish to explore!</i></p> <ul style="list-style-type: none"> • For every phonics session, please continue to watch the set 3 speed sounds at 10:30 on the Ruth Miskin Youtube channel. Then read a book from the webpage detailed above. <p>Guided reading – for those of you in guided reading, please complete the guided reading task on the webpage</p>
<p>11 – 11:15</p> 	<p>2nd Breaktime - have a healthy snack and play.</p>
<p>11:15 – 12:15</p>	<p><u>Maths</u> <u>To show my understanding of data handling</u></p> <ol style="list-style-type: none"> <u>1.</u> I can sort or order data <u>2.</u> I can fill in tables, graphs and pictograms <u>3.</u> I can interpret data <p>We have reached the end of our data handling unit. To assess your understanding, please complete the tasks on 'My Maths'. There is a lot to do, so I will timetable some time for you to finish the tasks tomorrow.</p>
<p>12:15 – 1:15pm</p>	<p>Lunchtime and playtime</p>

1:15 -2:45pm

Experience

To consider what my plant needs in order to be healthy

1. I can write instructions for growing my plant
2. I can write instructions for caring for my plant once it has grown

View my videos showing you how to set up your page and what you need to include.

Find out what you will need to do in order to grow your plant and then create your care plan like I did.
